66° SIMPOSIO AFI

Associazione Farmaceutici Industria
Società Scientifica

RIMINI 9•11 GIUGNO 2027

EXHIBITOR INVITATION

66th SIMPOSIO AFI | RIMINI, 9–11 JUNE 2027

AFI Symposium is the leading event for the Italian pharmaceutical supply chain, bringing together companies, professionals, institutions, universities and trade associations for over 60 years. It combines a leading exhibition and scientific conference in an environment designed to foster relationships, networking and business opportunities.

2.200+ **PARTECIPANTS** 2026 Edition	**151** **EXHIBITOS** 2026 Edition	**16.300** **VISITORS** 2026 Website	**150.000** **VIEWS** 2026 LinkedIn posts

From 9 to 11 June 2027, at the Palacongressi in Rimini, the Scientific Programme will focus on highly topical issues of major importance to the pharmaceutical sector, with particular emphasis on excellence in research and manufacturing, technological innovation, the ability of the healthcare industry to compete and establish itself globally, and the challenges the sector will face in the near future.

The programme will be delivered through Scientific Sessions and Lectio Magistralis, featuring distinguished speakers from companies, institutions, universities and national and international trade associations.

The programme will also include corporate workshops which, as usual, will open the event on Wednesday morning, offering companies an important opportunity for in-depth discussion and exchange with industry professionals.

The Exhibition Area will be confirmed and further enhanced, with spaces designed to provide an interactive visitor experience and facilitate networking. Institutional areas and parallel events will also be featured.
